

“Membership fee policy” Proposal

The current policy at WFTO-Europe is as follow:

“Each new member of WFTO-Europe, independently to the month of the year it joins the network, will be asked to pay the full regional fees (EUR 350-550-850 according to its turnover)”.

In order to be fully aligned with WFTO Global and to be fairer in setting the Regional fee, the Board of Directors of WFTO-Europe decided to present the following proposal, offering a discounted regional fee to the new member, based on the month of the year it joins the network.

Proposal:

WFTO-Europe will calculate the regional fee for a new member in the following way:

Total regional fee * number of months left in the year incl. current month / 12

*Example: If the total fee for a member is EUR 850 and they are invoiced in the month of March then their fee will be calculated as follows: $850 * 10 / 12 = \text{EUR } 708,33$*

Moreover if the application of a member is approved in the month of December, then WFTO will hold the invoice till January of the following year and invoice them for the whole year.

If this proposal is approved, it will enter into force immediately.
