

WFTO-Europe “Connect & Act” Members meeting (6-7 June 2019) Action points and step forward for WFTO-Europe:

Public event

- FTAO research on Fair sustainability – interesting stakeholders will be invited to a consultation process to contribute to a research on a fair sustainability agenda at EU level.
- Further discussion on how to better improve Fair Trade practices to integrate more environmental considerations in Lima.

Domestic Fair Trade

- Develop a new factsheet or clear document with Global to address the main questions and clarify the current criteria.
- Organise a webinar to start from the current factsheet and discuss with members what else they believe should be done in the area by WFTO-Europe and Global.
- Set up a working group to work more on this topic.

Internal Monitoring System

- Share EZA tool with those interested.
- Share the existing list of unverified Fair Trade suppliers and ask members to regularly update the list.
- Organise a webinar or develop a factsheet together with WFTO Global to clarify how far down the supply chain the IMS needed to go.

Retail models and their evolution

- Identify key members who want to support us in elaborating the 3 topics discussed a bit more and leading a working group to discuss it further.
- Collect and start sharing good practices among our members

Fair payment

- Disseminate research and animation to members
- Organise training and capacity building activities for members (by WFTO Global with Bread for the World project)

WFTO-Europe governance and strategic plan

- 2 rounds of consultations with members over the year about the strategic plan and the services the network should provide.

AGM

- Launch a new call to co-opt new Board members
